Friday, February 9th, 1940

Prairie View College,
P. O. Box No. 805,
Prairie View, Texas.

To the McFarland Baptist
Church and Southern Indiana
Baptist Association.

Rev. Richard H. Dixon, pastor
and moderator.

Dear Friends:
I believe that it has been the
greatest pleasure of my father's
life to try to give me everything
I have wanted since I have been
in the world; all of which I thank
him and thank God for him.

I take this method in thanking
my church and the association
and friends for the help you have
given my dad in making it possi-
ble for me to be in school and
enjoy so many wonderful things.
I shall do my best to make good.
I am keeping up my church work
here just as I did at home and
that I shall always do. I will al-
ways stand by the faith. I say a
prayer for my church each night.
My Sunday morning prayer is
especially for my dad's message.

I wish to personally thank Rev.
Church, because they tell me that
L. S. Smith of Liberty Baptist
he was the first to suggest that
I should be aided, and especially
do I thank Mr. H. G. Honerman
of the Sugar Creek Creamery Co.,
of Danville, Ill., who has always
stood hard by my dad and aided
him in making it possible for us.
I often remember Mr. Honerman
in my prayers.

Will you pray for me?
I again thank you.
Yours sincerely,
Willie Mae Dixon.

Named to Staff of Mt. Sinai

NEW YORK CITY.—(ANP)—
A nationally known diagnosti-
cian in heart diseases was ap-
pointed a member of the staff of
the Mt. Sinai hospital this week,
thereby becoming the first Negro
ever to be named to that large
hospital. He is Dr. W. Harold
Branch and he will operate a
special cardiac clinic at the
Community hospital in New-
ark, N. J.

Serving for six years in the
cardiac vascular clinic at Mt. Sinai
before his promotion, Dr. Branch
was sponsored for his present
position by Dr. E. P. Boas, pres-
ident of the New York Heart
Association and one of the chief
physicians at the hospital.

Dr. Branch's medical discov-
eries are nationally known, his
most noted being the discovery
of a new disease of the blood
vessels, hitherto unknown to
physicians. He is a former stu-
dent of New York university, a
graduate of Lincoln university
and Howard medical school. He
served his internship at General
hospital in Kansas City, Mo.

DePriest for Fisk

CHICAGO, (ANP)—Oscar De-
Priest, GOP stalwart and years
ago head of the Negro forces,
William Hale Thompson organi-
zation, last Tuesday was report-
ed as included in a list of promi-
nent Chicago Republicans who
are supporting Representative
Hamilton Fish of New York for
the GOP presidential nomination.

De Priest made local political
history in 1915, when he was
elected the first Negro alderman
to sit in City Council, and in
1929 he became a national figure
when elected the first Negro in
25 years to be a Congressman.

Mule Crushes Youth

JACKSON, Miss., (ANP)—
Johnnie Williams, 17, died Friday
evening at a local hospital from
injuries sustained when his stom-
ach was crushed several weeks
ago by a mule on a farm near
Crystal Springs.

The youth was riding the ani-
mal at the time of the accident.
The mule bucked up, young Wil-
liams slid on the ground, and the
animal actually sat on his stom-
ach, severing an intestine. When
the boy was brought here sur-
geons sewed the intestine together.
After a period of apparent recov-
ery, he developed a high fever
and died soon after.

SLANDER OF NEGRO ACES DRAWS FIRE

Fraternity Ridiculed
On U.C.L.A. Deal

LOS ANGELES.—(ANP)—“We
wuz censured.” That was the
terse, if somewhat deliberately
ungrammatical, explanation of-
fered by the University of South-
ern California chapter of Phi
Kappa Psi fraternity for the dis-
mantling of its homecoming de-
corations after a deluge of wires
and letters to the university and
the fraternity had protested
against what was called the bad
taste and unsportsmanlike char-
acter of the decorations erected
at the fraternity house.

Strung up were caricatures of
the minstrel show type bear-
ing numerals corresponding to
those of U.C. L. A.'s famed Ken-
ny Washington, Woodrow Strode
and Jackie Robinson. Another
part of the exhibit depicted
“Carter and Cohen's Grocery
Store,” construed to have been
a deliberate reference to the
Jewish players on the U.C.L.A.
roster.

Seek D.C. Civil Rights Bill

WASHINGTON, (ANP)—Fin-
ally aroused to the fighting
point, members of the leading
colored social agencies in the
city are planning concerted ac-
tion, it is reliably reported, to
bring pressure upon Congress to
pass a civil rights bill for the
capital city, giving Negroes legal
redress against the local theaters
and other institutions which pro-
hibit their usages of public
places.

The refusal of the National
theater to permit Negroes to
purchase tickets for the “Hot
Mikado” precipitated this action,
and a meeting was held last
week to take the first steps
toward such an organization.

JUDGE PONDER'S ON CHILD'S PARENTAGE

Must Decide Whether Girl Be Reared As White or Colored

OBERLIN, O.—(A P)—Facing
the necessity of deciding wheth-
er a child should be reared as
white or colored, Common Pleas
Judge D. A. Cook last week de-
clared that never before had he
been called upon to decide a case
with such far-reaching racial,
social and humanitarian consid-
erations.

The child—two years old, pret-
ty, fair-skinned and curly haired,
was left motherless by a gas ex-
plosion last month in her moth-
er's home. The child's father is
colored, the mother white. The
father is suing for custody of
the child, whose custody is also
being sought by the family of
the white mother, who now are
temporarily caring for the lit-
tle charge.

Atty. Eva Parker of Oberlin,
the father's lawyer, told Judge
Cook she believed it best for the
child's future that she be reared
among colored people. Atty.
Samuel Deutsch, representing
the white mother's family, main-
tains that inasmuch as the child
is to all appearances, of the
white race, it should be reared
as white.

Therein lies the issue that
challenges the wisdom of a mod-
ern Solomon. Judge Cook says
that both sides in the contro-
versy are without bitterness and
interested only in what is best
for the child. He said they had

B. T. Washington Stamps April 7th

WASHINGTON.—(A N P)—
The famous Booker T. Washing-
ton stamp will be placed on sale
for the public on Sunday, April
7, 1940, at Tuskegee institute.
Brown in color and of 10-cent
denomination, this is the first
stamp honoring a Negro in any
capacity. Selected by virtue of
position in the field of education,
Dr. Washington thus becomes
another sort of pioneer.

Sunday was selected as the
day for making the initial sales
following a conference with Dr.
Patterson, president of the noted
institution, and the opening sales
will be inaugurated with suitable
ceremonies.

gress of Spanish Speaking Peo-
ples held here Saturday and

cluded Mrs. Fay Allen, member
of the city board of education;

Christmas Carol
(Tune—Day is Dying in the West)
1.
Hark, the joyful Christmas bells,
and the story they now tell
Of Jesus Christ who came to dwell
as the King Immanuel,
In all our hearts.
2.
Now resound thru all the earth,
news proclaiming Jesus' birth
Joyous chimes of Christmas bells,
as their joyful echo swells,
O'er land and sea.
Refrain
Ring them, ring them, ring them,
ye sons of men
Ring the merry Christmas bells
Ring the merry Christmas bells
Again, again
Refrain
Hear them, hear them, as they proclaim
Jesus is the new born King
Jesus is the new born King,
And reigns on high.
3.
Let our voice in anthem blend,
and our praise from earth ascend
And on angels' wings be borne,
till they reach our Savior's throne
Who is on high.
Refrain
Praise Him, praise Him praise Him,
with all our voice
Till the earth shall hear of Him,
Till the earth shall hear of Him,
And then rejoice.
4.
What a shouting there will be,
throughout all eternity

We will sing our Christmas song, standing there before His throne beyond the sky.
Refrain
Shout, shouting, shouting,
All around the throne
Till our song makes heaven ring,
Till our song makes heaven ring,
And crown our king.
Words by Thomas B. Neely, Evansville, Indiana.

Announcing the birth of a Santa Claus.

The dearest Santa Claus on earth Was given to us through humble birth.

Let the earth ring out with loud applause And thank our Father for his Santa Claus.

On Christmas morn we stop to pause And give thee thanks with grateful applause That Thou art a loving Santa Claus.

"I Will Sing My Song"

1
Lord, Thou gave me a song to sing, help me to sing well Whether on the mountain top or living in the dell It may be to myself, or it may be to the throng

2
Where'er or to whom it be, Lord help me sing my song.

3
For the task Thou gavest me, I ask for no long time What I ask of Thee O Lord, is music full of rime No matter if its meters be rhythmic, short, or long If it cometh from Thee, my Lord, I will sing my song.

4
For you gave to me a certain task alone to do When I shift or shirk my job, I am displeasing you I question not your plan, whether it be right or wrong But with joy accept my task and gladly sing my song.

5
There is many a task which my friends for me can do But friends, there is just one thing I must not leave to you It surely would not be right, it would be very wrong For me to depend upon my friends to sing my song.

You might read my song with

envied eye, and find much blame, And think I seek for earthly fortune and poetic fame God knows there are purer things for which my soul doth long So despite captious critics, I still will sing my song.

6
When I have played my part and done my very best I shall take my flight and enter His eternal rest And among holy angels standing before His throne Gleeefully with angelic voice, I will sing my song.

Yuletide Poem

By A Baptist Deacon

The Santa Claus story will never grow old It's a beautiful story when properly told. It should be told in the spirit of love and truth To make the right impression on the modern youth.

In A.D. 4 on a December morn Over in Bethlehem a babe was born. The shepherds on the plain heard the heavenly applause

Let all the earth with one acclaim Praise the Holy Savior's name.

Boys and girls lest we forget, Dad and Mom are Santa Claus yet; Trusting in God to help them make Your hearts happy for Jesus sake.

Let all the earth with loud applause Once more thank God for Santa Claus. Author's note—Write or phone the Baptist pastors of the city and guess who?

SEASON'S GREETINGS

WE hereby extend the Season's greetings to our many customers and friends. May this Christmas bring the same degree of happiness and joy to each of you as did come to the shepherds when they found the babe wrapped in swaddling clothes in the little town of Bethlehem more than nineteen hundred years ago.

It is our further hope that each mind will be so tuned as to hear the message of the angels: "Peace on earth and good will toward men." These words epitomize the relation of man to man as was taught by the Christ.

What the world needs today is peace. The people are in travail because of the lack of good will. Many are clamoring for peace, peace, peace, but there shall be no peace until the hearts of men change.

There never was a time in the history of the world since the advent of the Christ that there was a greater need for peace on earth than there is now. Wars, yes, rumors of wars, belt the world today; every man is at the throat of his neighbor; racial and religious prejudice are rife in every country. Surely we need the spirit of Christ—peace on earth and good will toward men.

LOOKING BACKWARD

As we near the close of the year, 1939, we cannot help but think in retrospect of the many efforts which have taken place during the year, especially those which affect the lives and welfare of the colored people in this country. And, of course, we naturally think in the terms "have we gained anything or have we lost anything?" Our reference here to the gains and the losses are quite apropos because ours has been a struggle, a fight for our civil and political rights in a country of which we boast as being "the land of the free and the home of the brave." Many of our statesmen call this the land of equal rights for all men and some of them use the phrase, "all men up" when speaking of the opportunities for the citizens of the nation. But to us, racial prejudice, the hydra-headed, green-eyed monster, is constantly on our trail and is always ready to strike us with its poisonous fangs in its efforts to keep us down. Thus ours is a constant fight to keep our heads, as it were, above the water.

When Marian Anderson "sang to the world" on Easter Sunday at the foot of the Lincoln Monument in Washington, D. C., it was regarded as a fitting rebuke to the Daughters of the American Revolution who had denied her the privilege of singing in their hall. This recital has won the proper name of a triumphal recital.

During the year Congressman Arthur W. Mitchell has spent much time and money pushing his case against the railroads throughout the South which he sued because he was jim crowed while en route to Hot Springs, Arkansas. The congressman from the First Illinois District said: "It's a fight to the finish; jim crow cars must go."

The Missouri legislature passed a law increasing the number of curators of Lincoln University from six to nine, but when the governor named the curators he appointed five white and four colored to constitute this Board. This was protested by the colored people of the state as being manifestly unfair to the Negro youth of Missouri.

Emmett J. Scott was appointed assistant publicity director for the National Republican Committee. This appointment was regarded as a striking indication of the efforts the Republican party is making to win back to its fold the Negro vote which kept that party in power for nearly forty years.

Mrs. Franklin D. Roosevelt, the "first lady of the land," resigned as a member of the D. A. R. because of the latter's attitude toward Marian Anderson, the noted contralto singer. This same Mrs. Roosevelt presented the Spingarn Medal to Miss Anderson as a climax of the national meeting of the National Association for the Advancement of Colored People in Richmond, Virginia, last June.

A news item from London, England, tells the story of the visit to Europe of Congressman Hamilton Fish. During this visit it is said that the congressman was hailed as a hero in the German press. We wonder why. This comment is made because of Mr. Fish's oft-repeated statement that he is a great friend to the Negroes and the Jews.

These are some of the highlights which have affected us as a group in this country during the year. If these are indications of permanent gains, we are that much better off, whether it be little or much. As for our losses, while they have not been so striking, yet the enemy has been constantly digging the foundation from under our feet. Therefore, it has been, and will continue to be, necessary that we keep a good pace in order to stay where we are.

DO THEY REALLY?

A Merry Christmas To You And Yours!

Merry Christmas! It's easy to say it; and it's easy to mean it when we say it to you.

We, your Catholic neighbors, feel that we owe you much for the reception you have given our little messages in the columns of this paper week after week—for the encouraging words of goodwill and interest which we have received by letter and word of mouth.

We feel sure that you now understand more about your Catholic neighbors and how they worship than you did before the commencement of our labor of love. We believe that you consider us people sincere in a faith, which, although not your own, has behind it goodness, authority and reason which command at least respect. We are convinced that by now you appreciate the singleness of purpose in our work of informing and thereby gaining mutual tolerance and understanding, and we think you have likely witnessed with us the good that this has accomplished among religionists of many types in this locality.

So in thanking you for your kindly reception of our articles, we wish to offer to you and to yours our most cordial wishes for a mighty merry Christmas, together with the prayer that you will receive in abundance the blessings and graces which the Christ Child brought out of Heaven for you and for us 1900 years ago.

In matters religious it is our policy never to obtrude in any manner other than the publishing of these articles. It is however our desire to tell to those who wish it, more about the Catholic Faith than this space will accommodate. Should you be one of these, we shall be glad to tell you what you wish to know by letter, by literature, by personal call—as you like it.

Just write to: Catholic Information society, 444 Kenrick Road, St. Louis, Mo.

Quite often, when you are in trouble, the man who comes to you with help, is somebody you didn't expect.

Led by Melvin "Salty" Glover and Wiley "Soupy" Campbell, the aggregation is rapidly acquiring the smooth passing ability that always identifies a Union Cage team. Robert Daughtry, the newcomer, has shown up well with the CIAA championship

team and will be counted on to turn in a brilliant season's performance. RICHMOND, Va.—The Virginia Union University Panthers, the fighting band of Coach Hucles' basketballers, are snarling and that causes many a CIAA basketball

coach to quake in his shoes. Already this year, the Panthers have toppled the star-studded Omegas, of Washington, D. C. and the National Southern Negro Champs, the Green Waves of Rocky Mount, N. C.
